PROFILE

Computer Science and Data Science student at Prof. C.R. Rao Advanced Institute of Mathematics, Statistics and Computer Science with strong interests in Artificial Intelligence, scalable software systems, startups, and event management. Along with academics, actively involved in leadership roles, student initiatives, and real-world technical projects focused on AI and cloud technologies.

Founder of RITHSAA, a startup focused on events, hospitality, luxury experiences, concerts, and corporate event execution. Passionate about combining technology, operations, branding, and execution to build impactful products and audience experiences.

Former national-level athlete and multi-sport state champion with experience in swimming, basketball, and archery, developing discipline, consistency, teamwork, and leadership under pressure.

EDUCATION

B.Tech in Computer Science & Data Science,	2024 – 2028
Prof. C.R. Rao Advanced Institute of Mathematics, Statistics and Computer Science	University of Hyderabad Campus

SKILLS

Programming

Python, Java, C, JavaScript

Development

Node.js, Firebase, REST APIs, HTML, CSS, JavaScript

Other Areas

Leadership, Event Management, Team Coordination, Product Thinking, Operations

AI & Data Science

LLMs, RAG, Prompt Engineering, Machine Learning Basics

Tools & Platforms

Git, Render, Xcode, Mac Terminal

PROJECTS

Farmer GPT

- AI-powered agricultural assistant developed to help farmers avoid misinformation regarding crops, pesticides, fertilizers, and farming practices. The platform uses government-approved agricultural data and verified sources to provide reliable recommendations related to crop guidance, fertilizers, pesticides, weather insights, and government schemes.
- Built using Large Language Models (LLMs) and Retrieval-Augmented Generation (RAG) to provide accurate and context-aware responses. Worked on improving reliability and reducing misinformation through structured retrieval systems and verified agricultural datasets.

ASR Resorts Booking & Management Platform

- Developed a booking and management platform for ASR Convention & Resort where customers can book convention halls and resort services through an online booking system.
- On the management side, built an administrative dashboard to monitor bookings, expenditures, profits, operational activities, and customer management. Developed using Node.js, Firebase, and cloud deployment workflows.

Sentinel Voice - Deepfake Audio Detection

- Participated in a 24-hour hackathon and worked on developing a deepfake audio detection system focused on identifying manipulated voice samples using machine learning and audio feature extraction techniques.
- The project explored the growing challenges of digital impersonation and AI-generated voice manipulation.

Cost-Intelligent Cloud Analytics

- Currently working on a cloud analytics project under the mentorship of ISRO/DRDO scientists, focusing on scalable and cost-efficient cloud infrastructure for handling large-scale analytics workflows and data processing systems.
- Gaining exposure to cloud systems, optimization techniques, distributed infrastructure, and efficient data management.

LEADERSHIP & EXPERIENCE

College President, CR Rao AIMSC S

2026 – Present

- Representing student interests and coordinating initiatives between students and administration.
- Leading student engagement activities and campus-level initiatives.

Cultural Secretary, CR Rao AIMSC S

2025 – 2026

- Led and managed large-scale college events involving sponsorships, logistics, promotions, and execution.
- Coordinated teams and operational activities for institutional events involving large student participation.

Founder, RITHSAA

- Founded RITHSAA, a startup focused on premium events, hospitality experiences, concerts, and corporate event execution.
- Working on building audience-focused experiences through event planning, branding, sponsorship outreach, and operational execution.
- Managing client coordination, business development, creative planning, and event strategy.
- Exploring opportunities in concerts, corporate events, youth-focused experiences, and luxury event concepts.

Campus Festive Director, Under 25

- Worked on student engagement, campus activations, promotions, and event coordination as part of Under 25 student initiatives and festival activities.
- Collaborated with teams handling operations, audience engagement, and event execution.

Active Member, NSUI Telangana

- Participating in student outreach programs, youth engagement activities, and campus-level initiatives.
- Involved in student coordination, awareness campaigns, and organizational activities.

SPORTS ACHIEVEMENTS

Swimming

- Gold Medal - Telangana State Swimming Championship (2017), 50m Freestyle (Under-14)
- 3rd Place - National Swimming Championship (2018), Under-16

Archery

- 1st Place - Telangana State Archery Competition (2018), Under-16
- 3rd Place - Telangana State Archery Competition (2017), Under-14

Basketball

- Represented Telangana in state-level basketball tournaments

ACTIVITIES & INTERESTS

General

- Active in student leadership and campus initiatives
- Interested in startups, AI products, branding, and event management
- Passionate about technology-driven experiences and operational strategy
